

19" Steel Distribution Racks

Organize your computer room with distribution racks!

FEATURES

- Ideal for mounting patch panels, hubs, shelves, and more.
- Constructed of rugged, economical steel.
- Feature holes on the front and back of the vertical rails for mounting accessories on both sides.
- The 47U and 40U racks now have extra reinforcements for even more stability.
- Two fully tapped rails for mounting TIA/EIA standard equipment.
- Bolted units for fast disassembly.

OVERVIEW

For an organized computer room, place all your equipment in a distribution rack. These racks offer a low-cost alternative for mounting your equipment and are popular for use in secure computer rooms, where access is limited and locking cabinets aren't needed. They give you functional mounting capability without the cost of a fully enclosed cabinet.

All racks are 21.5" (54,61 cm) wide and are drilled and tapped with 10-32 holes and spaced for standard 19" TIA/EIA mounting. Three different heights are available.

The racks are easy to assemble and take apart. Bolts make it simple to disassemble for compact storage.

TECH SPECS

Overall Height — RM392A: 39" (99,06 cm);

RM391A: 74" (187,96 cm);

RM390A: 86.5" (219,71 cm)

Interior Mounting-Area Height — RM392A: 35" (88,9 cm);

RM391A: 70" (177,8 cm);

Exterior Width — 21.2" (53,85 cm)

Interior Width — 17.5" (44,45 cm)

Hole-to-Hole Centers — 18.3" (46,48 cm)

Base Depth — 21" (53,34 cm)

Item	Code
19" Steel Distribution Racks, Black	
20U (39" H)	RM392A
40U (74" H)	RM391A
47U (86.5" H)	RM390A

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
